

Domino Triple Stack Stand for your buffet display.

1A19434 ●

Domino is a completely new concept in modular buffet systems. The Domino Triple Stack Stand is designed with 3 tiers for convenient self serve. It includes the three small dish stands of different heights, one wooden base, 1 quart mini porcelain inserts & three mini water pans. The items can also be used independently from each other. See additional pictures. It is made of 18-10 stainless steel & acacia wood. All Domino components share legs so you can weave together pieces to build it your way. Simply put, Domino makes it fun again!

The Domino system connects like Legos, but is made of solid stainless steel. Mix it, match it, change it; build it high or keep it low. It is simply the most versatile, easy to use system ever made.

All components can be connected to each other. Shared legs simply slide into each other quickly and easily. Add a leg for extra height, remove a leg for a lower profile. You are only limited by your imagination.

Build a beautiful breakfast buffet this morning. Add some different components and you have a lunch buffet. Add a couple more components and you're ready for dinner. What would you like to see? Decide and make it so. No matter what, your choice will be **SMART!**

Includes: 3each 1A19402090, 1each 1A19402270, 3each 1A11216, 3each 1A12910400, 1.5each 1A194022602

Specifications

Carton quantity	1
Dimensions (L x W x H)	10" x 23.75" x 11.5"
