

Domino Double Soup Station

1A19453 ●

DOMINO is a completely new concept in modular buffet systems. The DOMINO Double Soup Station includes two soup station servers. All DOMINO components share legs so you can weave together pieces to build it your way. Simply put, DOMINO makes it fun again!

The DOMINO system connects like Legos, but is made of solid stainless steel. Mix it, match it, change it; build it high or keep it low. It is simply the most versatile, easy to use system ever made.

All components can be connected to each other. Shared legs simply slide into each other quickly and easily. Add a leg for extra height, remove a leg for a lower profile. You are only limited by your imagination.

Build a beautiful breakfast buffet this morning. Add some different components and you have a lunch buffet. Add a couple more components and you're ready for dinner. What would you like to see? Decide and make it so. No matter what, your choice will be **SMART!**

Includes: 2each 1A19405090, 2each 1A11402CLD, 2each 1A11238, 2each 1A11500, 2each 1A19402260, 1each 1A194022602
