

DOMINO Double Cold Display w/ Acrylic Domed Cover & food safe coated trays

1A1949NSF ●

The DOMINO Double Cold Display with Acrylic Domed Cover includes two individual displays. They can be used in conjunction with one another as a display set or they can be used individually. This display includes two stands, four ice packs, 2 ice pack pans, a full size food safe coated aluminum tray, two 1/2 size food safe coated aluminum trays and one acrylic domed cover. The acrylic domed cover opens to 90° for serving versatility. All DOMINO components share legs so you can weave together pieces to build it your way. Simply put, DOMINO makes it fun again!

The DOMINO system connects like Legos, but is made of solid stainless steel. Mix it, match it, change it; build it high or keep it low. It is simply the most versatile, easy to use system ever made.

All components can be connected to each other. Shared legs slide into each other quickly and easily. Add a leg for extra height, remove a leg for a lower profile. You are only limited by your imagination.

Build a beautiful breakfast buffet this morning. Add some different components and you have a lunch buffet. Add a couple more components and you're ready for dinner. What would you like to see? Decide and make it so. No matter what, your choice will be **SMART!**

Includes: 2each 1A19406090, 2each 1A11513STS, 4each 1A11511, 1each 1ASBW1875NSF, 2each 1ASBW975NSF, 1each 1A19927BOM & 1each 1A194022602
