

Domino Rectangle Induction Wood Platform Set is SMART!

1AIW19406SET ●

The complete Rectangle Induction Wood Platform Set is perfect for our Smart Induction chafers, paella pans, or any induction ready pots or pans. We've installed magnets that will hold any induction vessel in place. No more sliding pans or chafers on induction. Includes stand (1A19406090), wood platform (1AIW19406TDS) & induction warmer (1AIW110V2 or 1AIW230V2). The 110 volt model only requires 200 watts / 1.82 amps and the 230 volt model only requires 200 watts / 0.87 amps when used with our Smart induction chafers. You can comfortably heat up to 10 Smart chafers on a 20 amp circuit. Unit is single phase, 50/60 Hz.

Going green made easy: When our induction warming system is combined with our chafers and urns, you only need 1.82 amps of power per chafers, soup or coffee urn. This makes our system the greenest in the world for heating your buffet, and enables you to run as many as ten induction warmers on a single 20 amp circuit. Having such a low power requirement will allow you to easily set up buffets in meeting rooms, or on the fly without fear of tripping breakers. Induction for Dummies: Your staff turns it on and walks away.

- Adjustable automatic shut off controller
- Auto temperature control between 170° - 180°
- Auto timer for 1-9 hours (preset at 6 hours)
- No fire hazards
- Consistent temperatures
- Safe and secure
- Heats chafers, not the room

Low profile and a clean look. Just one more **SMART** adaptation of the Domino System. **Set includes platform, stand & induction warmer.**

Specifications

Carton quantity	1
Dimensions (L x W x H)	24.5" x 14" x 4.5"
Weight	lbs.

Features

- Cost Effective — Convert from canned fuel to induction. The savings will pay for all your equipment!
- Easy to use — Snaps to the bottom of chafer with magnets. No tools required.
- Efficient — Uses 66.29% less energy than most competitors. Holds temperature at 200 watts with Smart Chafers.
- Electric Heat — Holds an even, constant heat.
- Fast — Brings Smart Chafer to temperature in 10 minutes at 400 watts; 20 minutes at 300 watts.
- GREEN — Eliminates fuel use, can waste & ozone damage.
- Low Wattage — 200 Watts, 1.82 Amps = 10 Smart Chafers
- Power Requirements — Single phase, 110V, 50/60 Hz
- Safe — No flames, no fumes, no smell.
- Temperature Controller — Heats chafing dishes quicker than canned heat.
- Timer — Heat continuously for 6 hours non-stop. Most competitors must be reset at 2 hours.
- Ventilation — Minimal requirements for ventilation.
