

Domino Square Induction Platform Set for Artisan, Black Phenolic 1ASQPASET ●

Domino Artisan Square Black Phenolic Induction Platform Set for Artisan Series Chafers. The silicone anti-skid pad holds the Artisan in place. No more sliding around on induction. Includes stand (1A19405090), black phenolic platform (1A19405APB), induction warmer (1AIW110V2), SS recess ring (1AIW180V2Ring), and anti-skid pad (1A11759). Requires 200 watts / 1.82 amps when used with our Smart induction chafers. You can comfortably heat up to 10 Smart chafers on a 20 amp circuit. Unit is single phase, 50/60 Hz.

Going green made easy: When our induction warming system is combined with our chafers and urns, you only need 1.82 amps of power per chafers, soup or coffee urn. This makes our system the greenest in the world for heating your buffet, and enables you to run as many as ten induction warmers on a single 20 amp circuit. Having such a low power requirement will allow you to easily set up buffets in meeting rooms, or on the fly without fear of tripping breakers.

Induction for Dummies: Your staff turns it on and walks away.

- Adjustable automatic shut off controller
- Auto temperature control between 170° - 180°
- Auto timer for 1-9 hours (preset at 6 hours)
- No fire hazards
- Consistent temperatures
- Safe and secure
- Heats chafers, not the room

Low profile and a clean look. Just one more **SMART** adaptation of the Domino System. **Set includes phenolic platform, stand, induction warmer, anti-skid pad, & recess ring.**

Specifications

Carton quantity	1
Dimensions (L x W x H)	14" x 14" x 4.5"
Weight	10 lbs.

Features

- Cost Effective — Convert from canned fuel to induction. The savings will pay for all your equipment!
- Efficient — Uses 66.29% less energy than most competitors. Holds temperature at 200 watts with Smart Chafers.
- Electric Heat — Holds an even, constant heat.
- GREEN — Eliminates fuel use, can waste & ozone damage.
- Low Wattage — 200 Watts, 1.82 Amps = 10 Smart Chafers
- Power Requirements — Single phase, 110V, 50/60 Hz
- 110V, 60Hz
- Safe — No flames, no fumes, no smell.
- Temperature Controller — Heats chafing dishes quicker than canned heat.
- Timer — Heat continuously for 6 hours non-stop. Most competitors must be reset at 2 hours.
- Ventilation — Minimal requirements for ventilation.
